...

...

## Past service cost and gains and losses on settlement

99 **Before** **When** determining past service cost, or a gain or loss on settlement, an entity shall remeasure the net defined benefit liability (asset) using the current fair value of plan assets and current actuarial assumptions, ~~(including current market interest rates and other current market prices),~~ reflecting:

(a) the benefits offered under the plan and the plan assets before the plan amendment, curtailment or settlement; and

(b) the benefits offered under the plan and the plan assets after the plan amendment, curtailment or settlement.

...

101A When a plan amendment, curtailment or settlement occurs, an entity shall recognise and measure any past service cost, or a gain or loss on settlement, in accordance with paragraphs 99–101 and paragraphs 102–112. In doing so, an entity shall not consider the effect of the asset ceiling. An entity shall then determine the effect of the asset ceiling after the plan amendment, curtailment or settlement and shall recognise any change in that effect in accordance with paragraph 57(d).

## Net interest on the net defined benefit liability (asset)

123 ~~An entity shall determine~~ Net interest on the net defined benefit liability (asset) ~~shall be determined by multiplying the net defined benefit liability (asset) by the discount rate specified in paragraph 83, both as determined at the start of the annual reporting period, taking account of any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.~~

123A To determine net interest in accordance with paragraph 123, an entity shall use the net defined benefit liability (asset) and the discount rate determined at the start of the annual reporting period. However, if an entity remeasures the net defined benefit liability (asset) in accordance with paragraph 99, the entity shall determine net interest for the remainder of the annual reporting period after the plan amendment, curtailment or settlement using:

- (a) the net defined benefit liability (asset) determined in accordance with paragraph 99(b); and
- (b) the discount rate used to remeasure the net defined benefit liability (asset) in accordance with paragraph 99(b).
