- (h) 225 steel beds which were purchased for Rs. 2,137,500 had been remained unused for over two years.

3.1.5 Identified Losses

Losses of fixed assets, stores items and books, to the value of Rs. 461,240 had been written off during the year under review.

3.1.6 Delays in Projects

Following observations are made:-

- (a) A sum of Rs. 7,611,885 had been paid to a construction company during 1999 to 2000 for the construction work for an Auditorium at Medical Faculty. However, construction works had not yet been fully completed. Further due to undue delay the cost of construction would be increased tremendously and the objective of this building also had not been achieved. In addition a sum of Rs. 13,000,000 had been paid to the Department of Buildings during the years 2005 and 2006 for the interior decoration works, which was not yet commenced. As a result students of the Medical Faculty are being affected without this facility.
- (b) A sum of Rs. 2,607,050 had been paid in the year 2005 as an advance to Ceylon Electricity Board for the supply of Bulk Electricity to the faculty of Agriculture at Kilinochchi. But that project had not yet been commenced.
- (c) A sum of Rs. 2,000,000 had been paid to the Department of Buildings as an advance in 1989 for the construction of an overhead tank for student's hostel at Thirunelvely which had not yet been completed.
- (d) A sum of Rs. 6,589,667 had been paid to purchase a land for the construction of building for the Faculty of Management and Commerce. The project had not yet been commenced.
- (e) A sum of Rs. 1,323,071 had been paid as Value Added Tax to a company in Colombo and another sum of Rs. 8,820,474 had been paid from SIDA IT Network Project to that company. However, no progress report of the above project had been made available for audit. This project was commenced on early part of the year 2005, but it was not completed up to 31st October, 2009. As a result objective of the project had not been achieved due to the delays in completion.
- (f) Three advances amounting to Rs. 3,200,000, Rs. 3,014,000 and Rs. 5,615,000 had been released on 31st December, 2004, 16th November, 2005 and 10th November, 2006 respectively to the Chief Engineer, Department of Buildings, North East Provincial Council for the construction of overhead tank and sump for Vavuniya Campus at Pambaimadu.

The construction of sump work had been completed. However, the overhead tank and balance works had not been completed up to 30th June, 2009 and the contract was terminated by the Department of Buildings. A sum of Rs. 2,439,956 had already been paid to the contractor up to the termination. A fresh agreement with another contractor had been signed for balance works.

3.2 Appointment to the Academic Staff

Following observations are made :

- (a) Appointments to the permanent posts of lecturers had been made separately to each and every Faculty of the University as a general rule resulting in engaging several lecturers in the same field of study. In preparing time tables of various Faculties, the availability of the service of permanent lecturers in other Faculties had not been considered. Whenever the service of lecturers in the permanent staff were required for another Faculty, separate letters of appointment had been issued to them as visiting lecturers and additional lecture fees had been paid for such services.
- (b) In several instances, temporary lecturers, tutors, demonstrators etc. had been appointed on the request made by the Heads of Department of the University without following proper recruitment procedures.

- (c) The regular feature of the University in filling the vacant posts of academic staff is in an improper manner without giving an opportunity to complete those who have qualifications and expected employment in the University system. Although this had been pointed out in my reports for the last several years, no action had been taken to rectify these deficiencies.

3:3 Courses and Examinations

Following observations are made :

- (a) Total numbers of students registered in 10 courses of the University were 6,165. Total recurrent expenditure incurred during the year under review amounted to Rs. 372,051,361. The average recurrent cost per student for the year was Rs. 60,349.
- (b) Dates to hold the examinations for various courses conducted under each faculty of the University and target dates to release results of the examinations had not been determined. It was further observed that there were considerable delays in releasing the results of examinations conducted by certain Faculties during the years 2007 and 2008. According to the University Grants Commission Circular No. 636 of 14th July, 1995 results should be released within three months after the examination. But results had been delayed by periods ranging from 6 to 12 months.
- (c) Total number of students who appeared for the examination held during the year had not been furnished to audit.

3:4 Granting Leave with Pay and No Pay for Postgraduate Studies

Following observations are made :

- (a) Study leave had been approved for more than one year to the lecturers who had gone abroad for studies without taking into consideration of the instructions stipulated in Section 27.4 of Chapter 10 of the Establishments Code for the University Grants Commission and the Higher Educational Institutions.
- (b) There were instances of approving study leave to lecturers under probationary period before completing one year service.

3:5 Budgetary Control

Major variations were observed between the budget and the actuals thus indicating that the budget had not been made use of as an effective instrument of management control.

4. Systems and Controls

Deficiencies observed during the course of audit were brought to the notice of the Vice Chancellor of the University by my detailed report issued in terms of Section 13 (7) (a) of the Finance Act. Special attention is needed in respect of the following areas of control:-

- (a) Personnel Management,
 (b) Budget,
 (c) Stores,
 (d) Contract Administration,
 (e) Library Administration,
 (f) Fixed Assets.

2.2.2 Accounts Receivable and Payable

- (i) *Supplies Advance*: The amount indicated as Supplies Advance in the report is incorrect. The actual unsettled advance is Rs. 15,398.75 from 2-22 years. Out of the balance of Rs. 15,398.75 as at 31.12.2008 a sum of Rs. 6,698.75 had been settled in 2009 and action will be taken for the balance amount.
- (ii) *Stationary and Grocery Advance* : Out of the balance of Rs. 1,839,976 as at 31.12.2008, Rs. 657,317.00 had been settled in 2009 and action is being taken for the balance amount.

(iii) *Salary Advance of Rs. 16,760 for Displaced Staff.* – It had been written off in 2009.

(iv) *Building Advance:-* Action had been taken to settle the unsettled advance in 2009.

(v) *Staff Loan :-* Due to the following reasons the loan had been unrecovered for a long period of time.

1. Staff who left from the service are not submitted the documents related to the refund of UPF in time. Therefore, the loan dues cannot be recovered.
2. Academic staff who had been granted paid leave for their higher studies converted their leave as no pay leave. This is due to non recovery of the loan installment. The loan recovery will be recommended on resume of duties. In the meantime action is being taken to inform them to pay monthly installment during their no pay leave.

(b) Most of the receivable amounts represent the balance of loans/advances paid to the Employees and the payable account represents the students deposit and staff security deposit. Therefore, no confirmation is needed.

2:2:3 Due to non submission of details of the sum of Rs. 1,650,137,533 by the Audit we are unable to make any comments on this observation.

2:2:4 University complies with the provisions in the Universities Act, E. Code and Circulars etc. as far as possible and practicable.

3:1:3 (a) Action has been taken to resume the Swedish International Development agent funded Networking, system at University. Once this is finished the additional charges are expected to be reduced.

(b) Our Carder of un-skilled laborers was increased only by three numbers for more than 25 years. Whereas the land and Building maintained rapidly (more than 4 fold). Further nearly 1/3 of the vacancies at Maintenance Branch remain unfilled. We have no other alternative than outsourcing. These were outsourced when the in house staff were engaged/occupied with more important, urgent works please.

3:1:4 (a) Since the Purchasing Officer is appointed. The scooter in Jaffna and in Colombo could be used.

(b) Since most of these books are research publications there is no big demand from the public. However action has been taken to dispose with a price reduction.

(c) Multi Station Machine (Roly Station Gym) was purchased in July, 2006 and was in use for a short period. Due to the disturbed situation in Jaffna from August, 2006 the students could not make use this machine. However the Instructors are using this machine.

(d) Fund has been allocated only in the year 2009. Construction work will commence soon.

(e) This account is maintained to facilitate remittance from abroad to the Vice Chancellor's Welfare Fund. Inorder to keep the account activate, this balance is kept in the current account number 6197 at the Bank of Ceylon, York Street, Colombo -01.

(f) Action will be taken to use the items mentioned in the report.

- (g) The University is unable to introduce the time recording machine due to objection of the Employees.
- (h) Due to the situation prevailed in the peninsula the expected student have not arrived to the Hostels and other rented houses arranged by the University of Jaffna. The Beds will be given to the Hostel of the Medical students on completion of constructions.
- 3:1:6 (a) The Balance work of Auditorium was entrusted to the Dept. of Buildings (Central) and Rs. 13,000,000.00 has already been released. We have requested the Dept. of Buildings to Complete the work early.
- (b) This work was not executed due to unsettled conditions which gradually started in December, 2005 and complete standstill after August, 2006. We have requested the CEB to refund the money.
- (c) The Department of Buildings initiating action to recommence the work and submitted a revised estimate. Action is being taken to release the fund.
- (d) Consultancy Service with supervision has already been awarded to the Dept. of Buildings and the Dept. of Building has commenced designing.
- (e) IT networking project had been undertaken by the University of Colombo School of Computing under the SIDA IT Networking Project. According to the terms and conditions the University of Jaffna had to meet the payment of VAT. Accordingly the University paid Rs. 1,323,071.10 as VAT to the Enterprise Technology (Pvt) Ltd. who is the Contractor assigned the contract by the University of Colombo School of Computing. Further University of Jaffna had not paid Rs. 8,820,474 to the University of Colombo School Computing. This amount was paid by the University of Colombo School of Computing to the contractor. The audit can obtain the project report from the University of Colombo School of Computing.
- (f) This work was awarded to the Dept. of Buildings (Province) by the University Council in the year 2004. The work had not been completed so far. The delay may be due to the termination of contrat between the Dept. of Buildings and the contractor in 2006 and prevailing situation at Vavuniya especially in Pampaimadu.

- 3:2 (a) The permanent teaching staff are involved in Faculty as well as interfaculty teaching without any additional remuneration other than their salary. When the teaching load of a teacher in his/her departments/Faculty is far in excess of the approved academic norms of a particular academic position, payment is made by appointing them as visiting lecturers for the lectures they take out side their academic norms in departments out side the faculty to which they belong to. Only a small number of such visiting appointments are made under inevitable circumstances.

Cadres are determined by the University Grants Commission based on the needs of each Faculty. Further although the title of the “Field of Study” may look alike, the scope of the course and the courses contents could be very different. For example the way Physics, Chemistry and Mathematics is taught in a Science Faculty is different from how it is taught in an Engineering Faculty.

- (b) The temporary posts in Assistant Lecturer, Tutor, Demonstarator and instructors are regularly advertised before the commencement of every academic year and recruitment is made by following the proper recruitment procedure.

However when an appointed person resigns or leaves the service during an academic year and when there is no adequate time to fill the vacancy by advertisement, appointments are made on the request of the Head and the Dean in a very few occasions, so as to carry out the academic programme within the Scheduled academic calendar. Such appointments (a few) are made only for the balance period of the appointments of the person resinged.

- (c) Other than getting the services of a few senior academics on work assignment (or contract) basis, no other appointments were made without giving opportunity to those who have the qualification to complete. All vacant positions are advertised regularly and all eligible applicants in terms of the scheme of recruitment are called for interviews and they are evaluated by legally constituted selection boards. Appointments are made based on the recommendations of selection committees, thereby giving opportunities to all the eligible applicants.

- 3:3 (b) In some Faculties examinations are conducted at the end of the academic year. In some at the end of each semester. However the results of the examinations conducted at the end of the first semester are released along with the result of the second semester. This is the examinations regulations. This is because of the results are released for each semester, there is a possibility of students skipping two out of five course units in the second semester. However the structures of the Degree

Programmed are changed now and for the new batches of students results are released within three months.

(c) The number of students appeared for the exam in 2008 are given below:

<i>Faculties</i>	<i>No. of Students</i>
Medicine	- 294
Science	- 313
Arts	- 1424
Agriculture	- 149
Commerce and Management	- 511

3:4 (a & b) The section of the Establishments Code of the University Grants Commission and the Higher Educational Institutions referred in the Auditor General's Report in the paragraphs of 3.4 (a) and (b) had been amended by the UGC Circular No. 429 of 2nd March, 1990, by which the authority to the Council of Universities to use its discretion for the timing of granting study leave to teachers.

3:5 The following steps have been taken with regard to Budgetary Control :

- (i) Budget is approved by the Finance Committee and the Council annually;
- (ii) Vote Ledger is computerized in order to monitor the expenditure within the allocation;
- (iii) Monthly Comparative statement (Budgeted amount-Actual Expenditure) is placed before the Finance Committee;
- (iv) Sub imprest to the Vavuniya Campus is monitored by a separate votes ledger at the Finance Branch of the University.
