A detailed report in terms of Sub-section 108(II) of the Universities Act was issued to the Vice Chancellor of the University on 14th July, 2017.

1:2 Management’s Responsibility for the Financial Statements :

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

1:3 Auditor’s Responsibility :

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Standards of Supreme Audit Institutions (ISSAI 1000-1810). Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

And audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of financial statements.

As a result, the number defaulters and amount outstanding has been reduced to a great extent. At present only 74 numbers of obligators have to settle the total outstanding amount of bond obligation amounting to Rs. 71 million. The meeting of Committee on obligations of Bond and Agreements is continuously reviewing them. A policy paper in this regard had been drafted codifying all the procedures to scrutinize the legal requirements to minimize the obligation in future.
- (b) This service contract had been deviated as additional features were considered and incorporated into the scope of work based on the request of the University. Further Establishment of new faculties and changes in the locations of the Departments and Faculty too have changed the requirements. (a) At present, the action had been taken to use the building Block “C” by conducting lectures related to the Department of Education as per the time Schedule in order to overcome from the non-availability of lecture rooms to the Department of Education in stipulated lecture time.

However, it is noted that the construction of other 2 buildings are going on the same and limited premises. It is difficult to provide the fulltime access to students. Further, the movement of students within the premises will also be on risk. Therefore, the action is being taken to use the building time to time for purpose teaching.

(b) Items were purchased during the war situation a bulk due to the difficulty in the transport prevailed at that time. Some of these items now have been obsolete.
