Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit. We therefore believe that our audit provides a reasonable basis for our opinion.

Opinion :

In our opinion, so far as appears from our examination, the Foundation maintained proper accounting records for the year ended December 31, 2009 and the financial statements give a true and fair view of the Foundation's state of affairs as at December, 31, 2009 and its result of their operations and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.
