5.0. Procedure for Selection of Student Teachers for year 2025:

5.1. Basis of Selection:

- The number of student teachers to be admitted to the college from the applicants who have passed the G. C. E. (A/L) Examination relevant to the year 2023 has been decided by considering the teacher cadre requirements based on the number of vacancies created through the retirement of teachers in the year 2028, the existing number of vacancies at present in the school system and the necessity of making subject variations in the under-privileged areas and calculating the teacher requirement for each subject and matching that number to the available facilities for each subject in 2025 at the National Colleges of Education on Technology.

- 5.1.1.1. The major determinant for the number recruited for each subject is the number that can be facilitated by the National Colleges of Education on Technology for each subject.
- 5.1.1.2. Accordingly, the recruitment in 2025 will be made as mentioned below for the candidates who passed the G.C.E. (A/L) relevant to the Year 2023.
- (i) Out of the entire number of vacancies, 50% will be filled on national basis and the remaining 50% on district basis. When allocating vacancies for national basis and district basis, priority is given to national basis.
 - (ii) The number mentioned in the *Gazette* to be recruited from each district for each course will be recruited following the Note 4.0 and the methods indicated under the relevant courses considering the order of Z score the candidates have obtained in each district and other qualifications mentioned in the *Gazette* notification.
 - (iii) National level vacancies shall be filled after filling district level vacancies. There, selections will be made from among the remaining candidates, according to the highest Z-score order at national level, the qualifications mentioned in the *Gazette* notification and the special notes mentioned in 4.0 for respective courses.
 - (iv) If there are further vacancies at district level after filling the vacancies, candidates who have been selected at national level will be selected from that district based on their qualifications and choice. If there are further vacancies at national level, such vacancies will be filled at national level.
- 5.1.2 When the selections are made on the basis of Z-score, if one student should be selected out of several students who have obtained the same Z-score in the relevant district / considering the performance of sports marks if one student should be selected out of several who have scored the same mark, the results obtained in six (06) core (main) subjects indicated in 3.5 of 3.0 at the G.C.E. (O/L) Examination at the first sitting will be considered.
- Accordingly, marks will be awarded as 04 marks for a distinction pass, 03 marks for a very good pass, 02 marks for a Credit pass, and 01 mark for an ordinary pass at the G.C.E. (O/L) examination results and the available number of vacancies will be filled based on the total marks obtained.
- 5.1.3. When the selections are made on district basis, if the required number of qualified applicants for a particular course is not available in the total database, the provincial performance of the applicants of the relevant province to which the particular district belongs to will be considered. If there are not enough candidates in the province to which the particular district belongs to, the national level performance of the candidates will be considered.

5.2 Determination of Permanent Residence:

- 5.2.1. District/Province of permanent residence of applicants will be determined as mentioned below :

- 5.2.1.1 In the district basis recruitment, the applicant's district should be the district in which the applicant resided in the year wherein she/he appeared for the G.C.E. (A/L) Examination in the first sitting and the two years immediately preceding that.
- 5.2.1.2. It is emphasized that if the candidate has changed his/her district of permanent residence at present/ has resided temporarily in the district for personal convenience/it is not the district of permanent residence of the candidate though it is the district where the candidate appeared for the G.C.E. (A/L) Examination at the first sitting or after that, the particular district **will not be considered** as the district of permanent residence.

5.2.1.3. The province in which the applicant permanently resided in the year he/ she appeared for the G.C.E. (A/L) Examination in the first sitting and the two years immediately preceding that will be considered as the province of the applicant in determining the provincial order of merit.

5.2.1.4. When considering national or all-island skills order, permanent residence is not considered.

5.2.2. Every applicant should confirm his/her permanent residence according to the procedure mentioned below :

- VI. If for some reason the applicant's registration had been for one year only instead of three (03) years, priority will be given to the district wherein the applicant's vote had been registered regardless of the district wherein the applicant's parents' votes / guardian's vote had been registered for the remaining period.
