**1:2 Management Responsibility for the Financial Statements :**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

### 1:3 Auditor's Responsibility :

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Sub-sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

3.1.2

- (a) Due to prevailing normalcy in the area, the academic and administrative activities of the University have expanded and increased providing latest communication facilities which cause for this increase in the usage. Due to the development activities, widening of road network caused frequent disconnection of power supply during the whole office hours leads to the compulsory usage of direct lines.
- (b) University has received three vehicles (two van & one pick up) under the Finance leasing method and these vehicles are used for the long distance journey and officers are invited for the several meetings frequently to Colombo and it is essential to use hired vehicles as the existing vehicles are needed for the local travelling.
- (c) It is to be pointed out that electricity charges for the nine months aggregating to Rs. 26,253.26 has an average monthly sum of Rs. 2,917.029 and the average charge for this should have been much lower than this if the first three months are not taken into account. During April in 2011 Building Engineers and workers who work under SIDA project for the IT network project stayed there and finalized all the work. University has signed the agreement with SIDA in which it was agreed to provide accommodation and electricity and other amenities free for those who were engaged by way of SIDA agreement to facilitate completion of the said project. They used electrical equipment during the stay and it was the reason for the higher electricity charges during that period. Further, CEB has reported connection wire malfunctions during the period in the line supplying electricity to the said building and losses have been reported to be occurred to faulty earthing in the surroundings. This fact could be verified from the CEB as it has rectified it later after informing the University. Only the basic electrical maintenance charges are to be expected from the Guest House and no special/extraneous expenses were related to it. The Registrar by virtue of his post is entitled for quarters and was accommodated in the above said premises with the approval of the Vice Chancellor.
- (d) We experience difficulties in finding accommodation for guests who come for visiting lecturers/selection board *etc.* The Guest House with good facilities is a long felt need. The facilities such as AC, toilets *etc.* in the Guest House are not adequate and satisfactory for the many guests who come on our request to attend important meetings and official functions. They specially insisted on the above facilities and therefore lodging had to be obtained outside.

3.1.3 We are in the process of outsourcing these activities.

3.1.4

- (a) The excess money in the current account has been invested in fixed deposit with the permission of the Council. The excess funds exposed due to under expenditure of capital projects approved and also suddenly release of funds for new projects. Every effort is made to encash and utilizes this money including running self financing courses.
- (b) Whatever interest earned from investment out of the endowment fund or similar donation would be utilized for the intended purpose of the donor.

They cited that present workload and the inconvenience in travelling to and from Jaffna as primary reason for them to prefer teaching the 4th year students from Colombo.
- ii. Academic Staff in the University system do not generally sign in the Attendance Register. However, this matter was brought to the notice of the Council and the Council will take action on this in due Course.
- iii. Finger Scanner Machines have been fixed at the all Dean's Office, Teaching Hospitals, Library, Registrar's Office, Security Department, Ramanathan Academy of Fine Arts and Unit of Siddha Medicine to confirm the arrival and Departure. Administrative Officers, Trainees and other staff on assignment basis are using the machines.

The Finance Committee and the Council give the final approval for the budget submitted by the Board of study of the BBM online degree programme with the said provisions.
