3.7 Department of Computer Science (AHEAD Building)

The Department of Computer Science has been shifted to the new Building constructed under the AHEAD grant with the direct funding by the AHEAD under the supervision of OMST. The estimated cost for this building was Rs. 247,626,651.52 and the Building was officially opened on 1st June, 2022. However final bill of this building has not yet been settled by the OMST to the contractor. Therefore, the official handing over of the Building from OMST to University of Jaffna is yet to happen. Due to this Building has not been taken to the property plant and Equipment of the University of Jaffna at the time of preparation of 31st December, 2022 Financial position of the University of Jaffna.

3.8 Lease Agreement of Mayilappulam Land

A Land belongs to University of Jaffna called MAYILAPPULAM, in the extent of 3 Lachchms varagu culture (3 lms V. C.), situated at Thirunelvly in the parish of Nallur in the Division of Jaffna. As per the 431st University of Jaffna Council approval this Land has been given to Provincial Department of Agriculture of the Northern Province on long term lease of 30 years free of charge from 2018 to establish the traditional and nutritive food preparation and sales centre call “Ammachchi” in order to develop the traditional food habit among the University students and community.

3.9 Adaption of Revaluation policy for Property, Plant and Equipment

It was highlighted that University of Jaffna has not carried out any revaluation for its property plant and equipment after 2014. The fact remains that,

01. - The fair value of the assets differs from the carrying value of the assets
02. - The review of useful life of the assets is not carried out as per the standard
03. - Fully depreciated assets are being used by the University continuously than useful life.

Also it has been pointed out that there are assets which have been fully depreciated and showing with zero value in the books of account without any revaluation. The University of Jaffna has done one-time revaluation of its assets in 2014 in order to computerise its fixed assets register. This revaluation exercise has costed more than 5 million and taken more than 3 years to complete. Since we have charged depreciation on straight line method as per the UGC circular without reviewing the useful life annually, some assets ended up with zero value.

As a large Government institution University of Jaffna has 10 categories of assets and 2.5 million individual items in those categories. The expenditure and time associate to determine the fair value and regular review of useful life of large value assets are exorbitantly high and not practical. Also, revaluation of these assets will not bring any significant impact on the financial statement of the University. However, the General Audit has highlighted this matter in the report as noncompliance with SLPSAS. Therefore, this matter has been discussed in detail at the Audit Committee taking into account of cost and benefit in purview of Auditor General and suggested the following adoptions.

As per the University of Jaffna at its 472nd Council meeting held on 31st December, 2022, approved the revaluation policy for the property plant and equipment as follows.

01. Consider carrying value of the assets as at 31st December, 2022 as deemed cost and depreciate them on reducing balance method except for “0” value assets adopting the cost method.
02. “0” value assets to be revalued at nominal value to be recommended by Council appointed revaluation committee and depreciate them too at the reducing balance method.

The adoption of the above policy with adequate disclosure resolve the revaluation problems of the property plant and equipment of the University of Jaffna. The above policy document has been sent to

University Grants Commission and Association of Public Finance Accountant, Chartered Institute, Sri Lanka with coping to Auditor General on 17th February, 2023. Once the approval received from the above bodies University will adopt this policy with effect from 1st January, 2023 and it will resolve the problems of revaluation of Assets & review of useful life and Assets with zero value.

3.10 Events after the Reporting date

There are no material events subsequent to the financial year which require additional disclosure in the Financial Statements.

My No. : NPCG/JF/D/UOJ/1/2022

31st May, 2023.

Vice Chancellor,
University of Jaffna.

Report of the Auditor General on the Financial Statements and Other Legal and Regulatory Requirements of the University of Jaffna for the year ended 31st December, 2022 in terms of Section 12 of the National Audit Act, No. 19 of 2018.

1. Financial Statements

1.1 Qualified Opinion

The audit of the financial statement of the University of Jaffna “University” for the year ended 31st December, 2022 comprising the statement of financial position as at 31st December, 2022 and the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with provisions of the National Audit Act, No. 19 of 2018 and Finance Act, No. 38 of 1971. My report to Parliament in pursuance of provisions in Article 154 (6) of the Constitution will be tabled in due course.

In my opinion, except for the effects of the matters described in the basis for Qualified Opinion section of my report, the accompanying financial statements give a true and fair view of the financial position of the University as at 31st December, 2022, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

1.2 Basis for Qualified Opinion

- (a) Donations amounted to Rs. 1,280,240 received during the year under review had not been identified and measured in the financial statements in accordance with Sri Lanka Public Sector Accounting Standard II.
- (b) The useful life time of the non-current assets should be reviewed annually in terms of Paragraph 65 of the Sri Lanka Public Sector Accounting Standard 07. However the Property, Plant and Equipment amounting Rs. 48,516,123 which had been fully depreciated but still being used by the end of the year under review, had not been reviewed and action had not been taken to revise the said estimated error in the financial statements in terms of Sri Lanka Public Sector Accounting Standard 03.
- (c) The income amounting to Rs. 2,374,180 received by auctioning the Fixed Assets in the year under review had been identified as an income without adjusting through an Assets Disposal Account in terms of Paragraph 80 and 81 of the Sri Lanka Public Sector Accounting Standard 7. Moreover, action had not been taken to remove the cost and the accumulated depreciation of the auctioned assets.

I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSs). My responsibilities, under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* Section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

1.3 Other information included in the University’s 2021 Annual Report

The other information comprise the information included in the University’s 2022 Annual Report but does not include the financial statements and my auditor’s report thereon, which I have obtained prior to the date of this auditor’s report. Management is responsible for the other information.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work I have performed on the other information that I have obtained prior to the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

1.4 Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Public Sector Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the University's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the University or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the University's financial reporting process.

As per Section 16(1) of the National Audit Act, No. 19 of 2018, the University is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared of the University.

1.5 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also,

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the University's ability to continue as a going concern. If I conclude that a material uncertainty exists. I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the University to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

2. Report on Other Legal and Regulatory Requirements

2.1 National Audit Act, No. 19 of 2018 and Universities Act, No. 16 of 1978 includes specific provisions for following requirements.

- 2.1.1 Except for the effects of the matters described in the basis for Qualified Opinion Section of my report, I have obtained all the information and explanation that required for the audit and as far as appears from my examination, proper accounting records have been kept by the University as per the requirement of Section 12(a) of the National Audit Act, No. 19 of 2018.

W. P. C. Wickramaratne,
Auditor General.

Observation of the Governing Authority in respect of the issues highlighted in the report.

1. Financial Statements

1.2 Basis for Qualified Opinion

(a) As per the SLPSAS 07, an asset is recognized in the financial statements when it is probable that the future economic benefits associated with the assets will flow to the entity and the cost of the item can be measured reliably. The Ammachi food preparation and sales center had been designed by the team headed by Provincial Director and Deputy director of Department of Irrigation of the Northern Province and the project was implemented by District Secretariat office of the Kilinochchi. Finally the building was handed over to operate according to the Ammachi concept by the Department of Agriculture, Northern Province to Faculty of Engineering. Those assets will be used to prepare and sell the foods by the staff employed in the Ammachi by the Department of Agriculture, Northern Province. The donations of those assets were placed in the finance committee and action has been taken to add these assets as soon as the building has been taken to the donation in the University books of accounts.

(b) This matter was discussed in detail at the Audit Committee meetings held on 25th April, 2022 and 15th July, 2022. The audit committee noted the following matters relating to the property plant and equipment of the University of Jaffna.

- 1- University of Jaffna has 10 categories of assets and more than 2.5 million individual assets items under these categories.
- 2- The University has carried out one-time revaluation for the first time in 2014 by a firm of Chartered Accountants for the purpose of computerization of fixed assets register at a cost of over five million taking more than five years to update the fixed assets register.
- 3- Reviewing the useful life of the assets, residual value annually and revaluating the assets for every three or five years for the purpose of depreciation will not be practical as it is a time consuming and costly exercise. Also, this exercise is not expected to bring significant impact on the financial statements of the University of Jaffna.

Considering the above aspect, audit committee at its 70th meeting held on 22nd April, 2022 and special audit committee meeting held on 25th April, 2022 recommended to the council to changes the policy to adopt the cost model taking into account of the book value as deemed cost and to depreciate the assets using reducing balance method with the approval of the UGC and the CASL. Accordingly, the council approved has been obtained for this change at the 472nd meeting held on 31st December, 2022 and forwarded to UGC for the approval to implement the policy from 01st January, 2023 onwards.

University of Jaffna is waiting for the approval from UGC to implement the policy for property plant and equipment. The action will be taken as stated in the policy one the approval received from UGC. The policy note is attached as a attachment in the annexure.

(c) The whole sales proceeds received in the action has been considered as surplus and recognized as income in the financial statements as the carrying value of the disposed assets are zero and are fully depreciated. The disposed assets are being derecognized from the asset register and remove it from the system once the council approval received.

2. Report on Other Legal and Regulatory Requirements Reference to Rules and Regulation

(a) Financial Regulation of the Democratic Socialist Republic of Sri Lanka

- i- All the advances have been made as per the financial regulations 371 (2)(b), public administration Circular No. 3/2015 and UGC Circular No. 05/2015. Due to the Economic crisis and fuel problem most of the institution had shut down their operations continuously. University of Jaffna also

completely closed for certain period continuously for one to one and half months. Due to this most of the officers who were taken the advances for certain purposes were unable to commence and complete their program as they planned. Due to this the advance settlements had been delayed. However, we have ensured that all advances taken during the period of 2022 had been settled 2022 itself.

Also, we have taken proper control mechanism to monitor the advances and ensure the settlement of the advances as soon as the event is completed. Strict action has been taken and internal circulars had been issued to all the staff to educate them to settle their advances on time.

- ii. All the advances have been made according to the financial regulations 371(2)(b), public administrative Circular No. 3/2015 and UGC Circular No. 05/2015. All the advances had been made with the maximum limit of Rs. 100,000.00 Cheque and there were no breach of the circulars under any circumstances. However action already taken from 01.05.2023 to stop facilities for staff grade officers.

(b) Section 03 (X) National Budget Circular No. 03/2022

According to the 3rd paragraph of National Budget Circular No. 03/2022 in relation to the above matter, controlling expenditure should be followed when incurring expenditure and implementing the projects that using domestic funds, it was requested to suspend the loan facilities granted to the staff grade officers under Public Officers Advance Accounts until the end of the year. The loan disbursements given by the University to the officers mentioned are the disbursements made from the capital amount recovered while recovering the installment capital of the loans already given to the employees and the University has not used any treasury funds for this loan disbursement from 01.05.2022 to 31.12.2022. Therefore, it clear that the said distress loan payment was done entirely through the internal funds of the University and the University did not use the treasury funds for this payment in any case and the National Budget circular 03/2022 was not violated in any case.

(c) Section 3 of Chapter XX of the Establishment Code of the University Grants Commission and Higher Educational Institutions.

- (i) This matter has been repeatedly explained in our previous replies. Academic staff in the Sri Lankan University systems do not generally sign in the Attendance Register and this matter was satisfactorily explained at COPE meeting held on 11.11.2017. However, the heads of the departments monitor them and confirm their presence.
- (ii) Due to Corona outbreak and Economic crises the finger print scan was not used. However, attendance registers had been properly maintained and certification was done based on such records and overtime & Holiday payments have been made according to the certified and authorized attendance register.

(d) Circular No. 15/2015 on 17th November, 2015 of University Grants Commission Establishment.

We have taken very strict follow up action on the release of results. Monthly reports regarding release of examination results with the details of examinations, date of examinations held, details of subjects for which results not released and period of delay are submitted to the Senate. In addition, Internal Circular issued by the Competent Authority on 04.03.2020 and reported to Council indicating the procedures, guidelines and rules to expedite the process of releasing results. Action had been taken to closely monitor this process and there has been a significant improvement on releasing the results in comparison with previous year. Timeline for releasing the results have been included in the Examination by laws which are to be approved by the Council.

3. Other Matters

- (a) Whenever staff is getting retired the outstanding loan amount will be recovered from their UPF balance. However below shown staffs have failed to submit their UPF request forms. However, they have sufficient UPF balance in their account. Soon after we received their UPF request action will be taken to recover loan amount. University is taken possible action to contact these staffs and get their UPF request.

| No. | Name | Current Loan Amount | Issues Date | UPF Balance on 31.12.2021 |
|-----|----------------------|---------------------|-------------|---------------------------|
| 1 | Rev. Dr. Victor | 115,516.00 | 1995 | 4,957,054.44 |
| 2 | Mrs. R. Gnanakumaran | 51,400.00 | 1997 | 1,479,211.06 |
| 3 | Mr. K. Kesavan | 134,667.00 | 2003 | 3,121,977.06 |
| 4 | Mrs. S. Pathinathan | 98,943.86 | 2010 | 309,001.29 |

Action already taken to recovery the loan outstanding of below staffs from their gratuity payments.

| No. | Name | Current Loan Amount | Issues Date | UPF Balance on 31.12.2021 |
|-----|---------------|---------------------|-------------|---------------------------|
| 1 | K. Kumaran | 187,495.00 | 2018 | 1,170,092.75 |
| 2 | K. Janathepan | 250,000.00 | 2020 | 324,562.53 |

One Staff UPF from already send to UGC and soon after recovery of staff will be received from the UGC and loan will be settled. Also another staffs went on no-pay leave and he will be back office in 2024. Soon after he assume the duty loan recovery will be in progress.

- (b) The Committee on Obligations of Bond and Agreement (COBA) has studied all the details of bond defaulters and prepared a policy paper to the Council which was formulated based on the prevailing legal and regulatory framework and relevant rulings of the University Council up to 2017. The Council at its 426th meeting held on 24.02.2018 approved the policy paper on bond obligations and granted approval for the enforcement in the relevant administrative work of the University of Jaffna. UGC has published all the names of the defaulters including all the Universities in the newspapers in 2018. The only action possible now is to take legal action. Accordingly, a detail study of Information and details of 72 defaulters as at 31.12.2022 is being carried out to proceed with the legal action.

The COBA at its 16th meeting held on 20.04.2022 having noted the long outstanding dues from the bond violators (both Academic & Non-Academic) amounting to LKR 68. million, prepared a comprehensive summary policy and guideline and step by step procedure for strict implementation with the approval of the Council. A detailed study on a case by case basis to make recommendation to the Council for the possible legal action is being carried out. The Committee meets on a regular basis and carries out a detailed evaluation with the view to clear the long outstanding balances.

The committee also has taken up the matters pertaining to the academic staffs who have assumed duties without completing their postgraduate studies within the study leave period, and made recommendations to the council on appropriate action to be taken based on deliberations made at the 16th meeting held on 20.04.2022.

The Committee has taken following decisions against the seven defaulters out of 72.

- I- If the Bond Violator is not responding for the request that matter should be brought to the Council for its decision.
- II- The balance obligation can be waived off in considering the payment already made under the Liquidated Damages and Interest.
- III. Recover the balance obligation through Bond property which was mortgaged by bond Defaulters with the approval of the Council.
- IV. Issue last warning letter to defaulter and sureties and to impound the passport through Courts.

- V. Allowed to settle the balance Bond Obligation in instalment basis within two years. If fail to settle the payment action will be taken to impound the passport through Courts and the legal action will be taken to transfer the land to the University.
- VI. Action taken to send the letter of demand for all defaulters and take legal action through legal department.
