REPORT OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE UNIVERSITY OF JAFFNA FOR THE YEAR ENDED
31ST DECEMBER, 2014 IN TERMS OF SECTION 108 (1) OF THE UNIVERSITIES ACT, No. 16 OF 1978

THE audit of Financial Statements of the University of Jaffna for the year ended 31st December, 2014 comprising the statement of financial position as at 31st December, 2014 and the statement of financial performance, statement of

changes in net assets and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information, was carried out under my direction in pursuance of provisions in Article 154 (1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Sub-section 107 (5) of the Universities Act, No. 16 of 1978. My comments and observations which I consider should be published with the Annual Report of the University in terms of Sub-section 108 (1) of the Universities Act appear in this report. A detailed report in terms of Sub-section 108 (2) of the Universities Act was issued to the Vice Chancellor of the University on 05th September, 2015.

1:2 Management's Responsibility for the Financial Statements :

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

1:3 Auditor's Responsibility:

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Standards of Supreme Audit Institutions (ISSAI 1000-1810). Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Sub-sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and the extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. Financial Statements :

3.1 Financial Results :

According to the financial statements presented, the operations of the University during the year under review had resulted in a deficit of Rs. 124,793,315 as compared with the corresponding deficit of Rs. 119,128,668 for the preceding year, thus indicating a further deterioration of Rs. 5,664,647 in the financial results. The increase of maintenance expenses by 4,498,658 was the main reason attributed for this deterioration.

4. Operationg Review

4.1 Performance :

The academic performance of the University during the year under review was as follows.

(a) Results of Examinations

According to the Universities' Grants Commissions's Circular No.636 of 14 July 1995, results should be released within three months after the examinations. However, dates to hold the examinations for various courses conducted under each Faculty of the University and target dates to release results of the examinations had not been determined. It was further observed that there were considerable period of delays in releasing the results of examinations ranging from 04 months to 15 months from the date of examination by the Faculties of Agriculture, Arts Management Studies and Commerce, Science and External Examination Unit of the University during the years 2013 and 2014. Thereby, the students had been deprived to get their employment opportunities in time. Although this matter was pointed out in my previous year audit reports too, meaningful action had not been taken by the relevant authorities to release the result in accordance with the provisions in the above Circular.

(b) Cost per Student

The total numbers of students registered at the University, the total expenditure incurred during the year under review and in the previous year are given below.
